

Application: SOURCE for Child Care

Site Name: Little Gems Helensvale

Location: Gold Coast, Queensland

Installation Method: Rooftop

Array Size: 5 Hydropanels

Project Overview

Childcare centers have a particular need for high-quality drinking water to keep their kids hydrated. Little Gems, a child care and early learning center, partnered with Zero Mass Water to bring SOURCE Hydropanels to their facility in Gold Coast, Queensland. Delivered to a dispenser on site, SOURCE creates clean and delicious drinking water for the staff and children to enjoy daily and provides an opportunity for the children to learn about new and innovative technology.

This project received funding as part of ARENA's Advancing Renewables Program.
